

## Mission Statement

The Mission of Sundown Little League is to provide a fun, positive and caring learning environment to assist the youth of the Sundown Little League and its Community in helping to achieve their full potential. Through proper guidance and mindful coaching, it is our endeavor to foster an opportunity for our youth to develop the qualities of good sportsmanship, citizenship and leadership, all while learning the game of BASEBALL.

We at Sundown will strive to promote and exemplify the virtues of good character, provide aide in the development of important life skills, promote healthy living, instill positive self-esteem and cultivate a sense of social responsibility that will extend far beyond the playing field and reaching out into the world.

## Sundown Cares Philosophy

Sundown Little League— a *cooperatively* maintained league

“It takes a team.” - With intentions of promoting a more conscientious and involved group of families to maintain the grounds in an eco-friendly manner, families are encouraged to “pitch in” and share the role of management in our Little League. This includes the *active* participation in “green” activities such as taking the garbage cans to and from games, recycling and encouraging our players to do same in order to preserve the ambience of Sundown Little League and all of its virtues.
